

week 3 - sprint review

What went well?

- We planned our work for this week and agreed on all deadlines.
- Communication. We shared our progress with the group and asked for help if needed.
- Meetings. Everyone attended all meetings and actively participated.

What went wrong?

- We have a delay on some tasks. We underestimated the amount of time some tasks require.
- unrealistic deadlines.

Possible Improvements

- Plan for delays. We should make sure that in our plan we take into consideration possible problems and delays.
